National Institutes of Health
National Eye Institute

Healthy Vision 2010 is...

**Vision is an essential part
of everyday life.**

Healthy Vision 2010 includes...

- Examination and prevention
- Eye disease
- Injury and safety
- Vision rehabilitation

Examination and prevention

- Dilated eye exams
- Vision screening for children (age 5 and under)
- Impairment due to refractive error
- Impairment in children and adolescents

Eye disease

- Reduce visual impairment due to diabetic retinopathy.
- Reduce visual impairment due to glaucoma.
- Reduce visual impairment due to cataract.

Injury and safety

- Reduce occupational eye injury.
- Increase the use of appropriate personal protective eyewear in recreational activities and hazardous situations around the home.

Vision rehabilitation

- Increase the use of vision rehabilitation services.
- Increase the use of visual and adaptive devices.

How Healthy Vision 2010 works

Healthy Vision 2010 challenges individuals, communities, and professionals—indeed, all of us—to take specific steps to improve the eye health of people living in the United States through prevention, early detection, timely treatment, and rehabilitation.

You can help

- Begin at home
- Become an advocate
- Start something in your community

You can help

- Use the Healthy Vision 2010 resources
- Add the logo to your Website
- Identify partners to work with you
